

If you're already familiar with Doctor John LaTourette, and have experienced big results from what he's taught you, this is a unique opportunity to learn updated and totally new stuff. If you haven't heard about the Doc before... Then you're in for the seminar of your life!

## **"Who Else Wants To Discover The Most Advanced & Verifiable Techniques And Strategies Based On Ancient Wisdom and New Scientific Discoveries, To Manifest Your Goals, Dreams And Ideals, In The Shortest Time Possible?"**

**It's absolutely amazing once you know these skills and techniques to achieve your goals & dreams and create your own future. NO – they're not some typical self-help "make-you-feel-good" type of teachings that will leave you feeling good, but with no verifiable skills and results long-term. You WILL finally have the skills to create the future you want, influence other people, protect yourself from negative people (energy vampires) and much, much more.**

### **From a recent phone conversation with Doc LaTourette:**

"You know, some people won't believe these discoveries I've made the last 5 months at first. I know, because I had a hard time. You know I've taught people how to become successful, how to manifest their goals and dreams, how to develop their psychic skills and much, much more. And yet, during the last 5 months I've discovered some things that I do, that has been almost accidental, They've been unconscious. And guess what happens now that I've become aware of them... The New Results I'm Getting Are INCREDIBLE!!"

Dear Friend, this is an extremely time-sensitive letter... [www.MentalTrainingSecrets.com](http://www.MentalTrainingSecrets.com) so I'm asking you to please read it right away.

My name is Bjarke Lassen, and for the last 5 years I've been studying with Doc LaTourette. And as a direct result I've achieved most of my goals during that time or I'm well on my way to do so.

One of my biggest goals was to get Doc to agree to come to my hometown of Copenhagen and do a seminar. So imagine my excitement when Doc not only agreed to come to Denmark...

### **He Had Brand New Killer Stuff To Teach, Things That Goes Beyond What He's Taught Before!**

What happened during the last 5 months is that he discovered that some of the master keys behind what he's been doing and teaching for years, has been something he did accidentally. So after the initial "shock" and surprise of realizing that (after all, he's been what I consider to be the best and most effective teacher on the planet when it comes to manifestation skills on how to create your own future, verifiable psychic skills etc.).

Doc decided to test his new discoveries and fine tune them for a couple of months. And the results even surprised him. And that says A LOT. After all, Doc is one of the most experienced teachers out there. To name just a few of his credentials/accomplishments.

He's a World class Kahuna Trainer, author of 28 books, he's produced over 527 DVD's, he's a Top Notch Mind Control Trainer in 7 different areas, has a Ph.D. in Sports Psychology, is a Trainer of Neuro-linguistic Programming (NLP) (Doc was awarded the Trainer's certificate

from Richard Bandler after he watched him in action helping out people at a seminar). He's the co-developer of a self-help program for **Nightingale-Conant**, the number one self-help audio producer in the world, the same company that produced **Tony Robbins** materials, and **Napoleon Hill's "Think and Grow Rich"** program. He was also voted the top world Class trainer for Speed Life Seminars 4 out of 5 years running. He is a respected expert on ESP (Effective Sensory Perception, also called Extended Sensory Perception). He was a consultant on "Think & Grow Fit" and "The Ultra-Mind ESP Systems" by Ed Bernd. His first book, "Mental Training of a Warrior", which was also his thesis for Master Black belt (4th Dan) under Grand Master Edmund Parker, was published in 1978. Since then there have been 26 printings. Dr. La Tourrette's 5th Dan Thesis was "The Master's Kicking Guide"(1981). His original dissertation, "Cognitive Restructuring Techniques For Martial Arts Athletes" was an indispensable winner's bible on peak performance technologies and has been sold all over the world. He's been teaching how to use leading edge tactics for winning in the fields of sales, self-help, personal growth training, marketing, goal setting and human performance modeling for years.

Dr. John La Tourrette has also been a student of hypnosis since the 60's; earning certification from Jose Silva (Silva Mind Control Founder) in 7 different areas, from Kendrick Cleveland, from Dr. Richard Shane, and Steve Andreas. He has personally trained in NLP with Steve Andreas, Tom Best, Kendrick Cleveland, John La Valle, J. Michael Hall, Michael Grinder, John Grinder, Richard Bandler, and many others too numerous to name.

For the past 9 years Doc's primary Energy Medicine coach has been Donna Eden. He is certified in EFT by Dr. Pat Carrington, has trained with Dr. John Diepold (ATAT), Dr. David Feinstein (Energy Psychology), and has been doing various methods of energy psychology since 1999. And has been developing his own version of energy psychology that is far more effective than anything I've tried or heard about.<sup>www.MentalTrainingSecrets.com</sup>

And he's trained everything from police officers, special forces, mercenaries, top martial arts people, other top trainers in the human potential field, all people who counts on one thing...

### Verifiable results in the real world!

In fact, I've been giving my students a free \$2000 challenge, that at any point at any time, even at 3 o'clock at night, they can energy test me or hook me up to a lie detector and test if there's any other person on the planet I would rather get to Copenhagen to present a seminar. Because I will choose Doc LaTourette over ANY other. Anthony Robbins, Richard Bandler, you name them...

### Doc and what he teaches Is really THAT Good, PERIOD!

Now, because the things that Doc teaches is advanced stuff, and because he's so big on getting verifiable results. He's often in for a big challenge when talking to people about what he teaches.

It's to tell people in a way that they can believe the results are actually possible for them to achieve, without sounding like some kind of "shady" rip-off artist, or even worse a demented trainer that teaches skills they believe in, but don't really exists (lot's of them out there).

You CAN actually learn what many people call psychic skills. They do exist. People's minds, emotions and thoughts do affect others, machinery, clouds and even computers. It has been tested and proven many, many times.

So I'm going to be blunt with you. A lot of what is published elsewhere about ESP training, and

about using the law of attraction, about goal setting and goal getting is in the feel-good category.

First of all a lot of it is simply not verifiable, it's hoping at best, and there's no proven way to deal with mental blockages or psychological reversals that often keep people stuck. Also there is much that some authorities know but refuse to teach their clients, but keep to themselves because they lack the courage to say certain things publicly.

Lately a few have revealed the truth, people like Larry Dossey MD, CIA Black Ops Trainer Ingo Swann, Psychiatrist Daniel Benor, Neuroscientist Candace Pert and Physicist William Tiller. (That's also one of the great things about training with Doc, he always gives out many, many resources for further study, and gives credit where credit is due. And having him as a resource on which books and resources are worth checking out has saved me tons of time. The amount of books he buys and goes through are staggering. I've been to his private 3 room library once, and I've never seen anything like it!)

Doc is also a straight up guy, he's not going to BS you and insult your intelligence by telling you how to levitate, or how you can make \$100 million dollars in one day by just believing in God or just sit down and visualize and feeling the wealth and saying a positive affirmations and your bank account suddenly has millions in it.

**Here's the BAD news... It's simple to do the drills Doc teaches, but it's NOT easy!**

Most people expect a magic bullet to give them what ever they want by just rubbing the Aladdin's Lantern. It doesn't happen that way and I'm glad. I'm glad that people need to learn and apply correct Kahuna Mind Force Principles™ and Energy Principles to get what they want. This world is a school of learning.

[www.MentalTrainingSecrets.com](http://www.MentalTrainingSecrets.com)

And it is almost as simple as rubbing Aladdin's Lantern once you know how to liberate your mind and expand your consciousness to the Zero Point Energy fields of possibility and probability with congruency, but it still needs practice to do that so it is a part of your life. A reason many don't make it is because after you know it you must do it over and over again many times in order for it to become a habit field, something that you do automatically. It is simple to explain and simple to do, but it must be replicated time and time again. Practice and persistence pays off.

So when you are wealthy, more WEALTH flows to you easily and without hindrance. When you are HAPPY, those around you are also happy. Doc teaches you how-to-access and keep those states.

Let me give you one example of what can happen when you shift certain specific items inside your mind, and inside your energy fields. The following is a post recently sent to the Doc by Kathy Jones, one of his seminar attendees.

"Hi Doc, I want to give you an overdue thanks!"

"I'm extremely grateful to have you as a teacher. What you've taught me has changed my life in many ways, and this note is bound to be incomplete, because the changes are so widespread."

"I have more than DOUBLED MY INCOME"

"Since the February seminar, I have more than doubled my income. As you suggested in our session together, I raised my prices, and at a time when a lot of yoga teachers are struggling, I

have waiting lists for my classes. (Away from -towards really helps get people motivated to sign up!!) I have more private students even though I charge more, and I just got a contract for several thousand dollars to teach twelve classes. There's more work available than I want, and I'm giving classes away to other teachers! I'm just starting the apprentice teacher system you suggested, where teachers learn from me, and then do private sessions under my wing. 2 DVD's will come out soon, & I have a stress reduction CD in the works.

“Miracles are happening in my life daily!”

“Its like miracles have happened. People from different corporations are calling to have me come do programs for them. Think some of the techniques we did at the seminar worked?  
Wow!”

“Your simple inner mind affirmation has worked wonders for my confidence. As a side benefit, my relationship with my mom is surprisingly smooth. Did I ask for that? Bearing my occasional explosion in response to her emotional drama.....I now know more about how to handle that too; I sedate my C/S & Liver really quick!”

“Doc is a top WORLD CLASS trainer BECAUSE what he does, works!”

“I have to say you've spoiled me as far as presenters go. There are not many people I can sit and listen to anymore, because just a fraction of what you know would make them so much more entertaining. I've been really frustrated to not get to be at the past few seminars. I am glad to that you put the seminars on DVD's because when I re-experience the seminars, each time I realize new stuff I've missed.”

“I know there's more to thank you for, as I said it's been awesome to learn from you. Thanks for your generosity with all that you share with us! [www.MentalTrainingSecrets.com](http://www.MentalTrainingSecrets.com) Happy New Year! Kathy Jones”

**“Here's the number one reason people don't succeed!”**

One of the reasons Kathy was very successful is NOT because she is special (even though she is) but because in the Kahuna seminar™ Doc taught her a secret of getting over the number one reason people don't do anything. That reason is because they “HESITATE”. Because of their unconscious FEARS they hesitate and do not TAKE THE ACTIONS with their minds, with their energies (Zero Point Field, emotional fields, and Morph fields) and their behavior (yes it does take all three) that enable them to achieve what they want out of life. Many, because of FEAR, hold themselves back in case the action they are thinking of taking is not the “right” action. So what happens is, while they sit there and do nothing, the world goes on without them. However, the one thing that people rarely hesitate about is fear. Fearing something is easy for them so they do nothing except fear BAD RESULTS, and that's all they get.

This is one of the reason's the Doc teaches the 5 step Kahuna process of how to go from Fear into Power automatically!

It's a proven fact that using the Psychic Skills Training tools can bring money into your life very effectively and very quickly, but not just by setting big goals, visualize them daily and feel you've already has achieved them, like many so called “guru's says are enough”.

I am talking about using Psychic Skills Training as a tool of attracting wealth, health and happiness by using specific step-by-step techniques. And Doc usually teaches the 3 steps that must be taken. And to do those three steps requires a radical mental shift on three different

levels.

Level 1. The level of the philosophical component.

Level 2. The level of the strategic component.

Level 3. And finally, the level of the behavioral component.

Doc will be covering these 3 different skills in his upcoming "ESP Mind Training Secrets of Manifestation no one else on the planet knows" in Copenhagen, August 15,16 and 17<sup>th</sup>!

And please note that Doc NEVER teaches the same topic twice, EVER!

So what you are getting is 3 brand NEW Mind Mastery Intensives, made just for the attendees of this rare one-time event.

I will warn you that, like all of his Intensives, this is going to be an event where you are going to have to roll up your shirt sleeves, get to work and do the drills! You will make mistakes. You will do things wrong. That's how you really learn. The good news is, by the time the event is over you CAN do the drills and have learned the skills effectively.

Doc is limiting the attendees to 35 people. His friend says he can easily get that many to the event from his own list of clients. Doc already has 5 of his people from the United States signed up and paid in full for it.

They want as much of Doc's secrets as they can get so they are willing to do whatever it takes to learn them.

So the available seats are limited to first come first served. So email Jack at Doc's office [warriorpublication@gmail.com](mailto:warriorpublication@gmail.com) right away. [www.MentalTrainingSecrets.com](http://www.MentalTrainingSecrets.com)

Personally It cost me a damned fortune to spend 12 years searching for the most workable skills on the planet when it comes to personal development, NLP, Hypnosis, energy psychology, ESP skills, Peak performance, until I found out about Doc, and discovered that I could have short cut my learning curve BIG TIME, had I found him earlier.

Two of my own students took a loan right away when I told them that Doc had agreed to give these seminars.

As I've described, its creation involved 5 months were Doc did little else than running his martial arts school and testing and experimenting with his new stuff. He is revealing things that are way beyond what you'll find in other current products, seminars. Some of Doc's personal friends and longtime innercircle members don't know this stuff yet, and remember: Doc' NEVER repeats his seminars, EVER!

### **Which FREE \$2,300 Bonus do YOU want?**

Doc also loves people that "take action" and "get stuff done". Because of that he is giving out a Free \$2,300 bonus to the first 19 people that respond and pay-in-full prior to the seminar.

So in reality you are getting all the seminars for free if you respond right now.

**Here's FREE Bonus Choice #1**, a \$2,300 bonus. <sup>www.MentalTrainingSecrets.com</sup> Doc has authorized me to give as a free \$2,300 bonus, "The Secret Friendly Energies Circuits: How-to-Turn Them on For Seduction, Business Success & Vibrant Health!", if you are one of the first 19 to respond.

That set is simply awesome. I missed that seminar and was so pissed because I heard really awesome things about it from the attendees. I just got me set of DVDs and just after the first two DVDs, I'm blown away by the amount of info and drills in just the first two.

**Here's FREE Bonus Choice #2**, a \$2,000 bonus.

Remember up the page where I talked about the York Intensive taught 5 years ago? Doc never did release those DVDs. They are called, "The York Kahuna Secret Psychic ESP Skills Advanced Mind Training for Seduction, Business and Friendship building!" This set is totally different than Bonus Choice Set #1. So you get your choice of one of them.

That seminar was the first seminar I attended with Doc. And I was blown away. It was a crash course in energy medicine, energy drills, how to connect and get answers from your unconscious mind and higher self, how to install new habits and behaviors, how to influence people in a positive way (and yes, there was also a KILLER technique for seduction purposes, it is SO sneaky, and I don't think many attendees caught it. I know I didn't before I saw the DVDs later).

Since we only have 19 of these priceless sets let us know right away which bonus you want.

Copenhagen is a great place in August. It's warm, but not too hot. We have beautiful beaches (but no, the rumors that most women are topless are not exactly true) There's Tivoli – one of the oldest and most beautiful and famous amusement parks in the world. And Denmark is known for it's friendly people and is usually named in the top 3 best countries to live in. The seminar itself is 4 miles from the city center in a very nice training center with lot's of nature to the one side, and a shopping street within walking distance to the other side.

**Ps. #2.** Doc will be filming all 4 events. ONLY the attendees will have the opportunity to `get` those Innerscircle Member only DVD's.
